## BRAZIL WITHDRAWS FROM LEAGUE NATIONS

### CLINGS TO ITS TRADITIONAL POLICY, PLANS

WILL CONSEQUENTLY ENLARGE  
SCOPE OF PAN-AMERICAN  
UNION

BRAZIL'S SEMI-OFFICIAL PRESS  
BACKS UP THE  
ACTION

By GRANT KEENER  
(United Press Staff Correspondent)  
Rio De Janeiro, June 9.—Brazil today seemed to be preparing to withdraw from the League of Nations in favor of returning to the traditional Brazilian policy of "America for Americans."

That policy implies enlarging the scope and strengthening the influence of the Pan-American Union, which, if Brazil withdrew from the League would possess the distinct advantage of representation of four great new world countries, not represented at Geneva, the United States, Argentina, Brazil and Mexico.

The United Press learned that Brazil has sent memoranda to the various South American governments exhaustively explaining its attitude at Geneva regarding permanent League council representation. Replies already have been received from Chile, Venezuela, Bolivia, Uruguay, Ecuador, Peru and perhaps others. The texts of the memoranda and of the replies have not been made public.

Brazil's semi-official press today indicated that Brazil is determined to withdraw even if no other South American nations follow her example.

The opposition press holds that Brazil should have withdrawn from the League when the United States refused to join.

### SAYS CONSTITUTION DESIGNED BY THE WEALTHY CLASS

Washington, June 9.—(UP)—Charging that the constitution was originally designed by the wealthy class to restrict government by the people, Wisconsin's socialist representative, Victor L. Berger, introduced a resolution in the house yesterday, calling for its revision through a constitutional convention.

A constitution which was adequate to the needs of 1789 can no more be adequate to the needs of 1926 than a garment made to fit a child can fit an adult, Berger said in a statement.

Berger said he would "put teeth" into the first amendment guaranteeing civil liberties and into the 14th and 15th amendments protecting the negro. The 18th prohibition amendment could be eliminated.

In addition Berger urged the following changes:

"We would make the constitution more flexible, so that it would be changed by a majority vote of all the people; we would deny to the supreme court the right to pass upon the constitutionality of acts of congress; and we would make it possible to enact child welfare, minimum wage and other social welfare legislation, which is impossible under our antiquated constitution."

### SEEK AGREEMENT ON UNIFORM RURAL SERVICE

Madison, Wis., June 8.—(UP)—Agreement upon a uniform rate schedule for rural service has been reached between representatives of 3,000 Wisconsin farmers and the Wisconsin Power and Light Company, according to an announcement today by Grover C. Neff, vice president and general manager of the light and power company.

Only the approval of the state railroad commission to which the agreement has been submitted, is necessary to put it into effect.

Under the provisions of the agreement, farmers of Wisconsin will be charged for service and energy on a graduated scale.

The agreement between the company and the farmers is an important step toward a definite policy of rural electrification which is rapidly being extended throughout Wisconsin by the company.

### FEDERAL AGENTS SEIZE 25 GALLON STILL AND MASH

Hastings, Minn., June 9.—(UP)—A 25 gallon still, 2,000 gallons of mash and other equipment were seized by federal agents who arrested Jacob Pleats of Nicols, Dakota county, at his home during a raid.

### SPECIAL SENATE QUERY OPENS ON CAMPAIGN EXPENSES

TO DETERMINE JUST HOW MUCH  
MONEY WAS SPENT IN PENN-  
SYLVANIA PRIMARIES

VEILED ATTACK MADE ON THE  
MELLON ORGANIZATION IN  
CAMPAIGN

By PAUL R. MALLON  
(United Press Staff Correspondent)  
Washington, June 9.—A special senate committee of inquiry opened today to determine how much money was spent in the recent Pennsylvania primaries.

"The first idea back of this movement of primary investigations is to find out how much money the Mellon organization spent in behalf of Senator Pepper, unsuccessful republican incumbent," a member of the committee told the United Press privately before the committee gathered. The Mellon organization is headed by Secretary of the Treasury Andrew Mellon.

"We are up against a tough proposition when he tries to buck the Mellon group and I don't know how far we will get."

The investigation was authorized by a senate resolution adopted after reports that from \$2,000,000 to \$5,000,000 was spent in the campaign which resulted in designation of William S. Vare, a beer and light wines advocate, as republican senatorial nominee over the Mellon-administration candidate.

More than 20 witnesses have been called and Senator James A. Reed, democrat, of Missouri, a veteran of a score of historical congressional investigations, does not know whom he will put on the stand first.

Pepper, Vare and Pinchot, the three candidates, have been invited, with their managers.

### DRAMATIC STORY OF BATTLE IS GIVEN IN REPORT

DESERTERS FROM FRENCH FOR-  
EIGN LEGION COLLIDE WITH  
ARAB TRIBESMEN

FORCED TO SURRENDER TO PUR-  
SUING FRENCH TO  
ESCAPE ARABS

Cairo, June 9.—(UP)—A dramatic story of a battle between deserters from the French Foreign Legion and Arab tribesmen is told in damascus advices concerning the case of B. J. Doty, alias Gilbert Clare, American youth, whose plight as a deserter caused the premier of France to stay the course of justice. The uncensored advices said the youth deserted because he was unable to tolerate conditions he declared existed in the Foreign Legion.

With half a dozen companions, most of whom were German members of the Foreign Legion, he made a dash for the frontier after the recapture of Sueda.

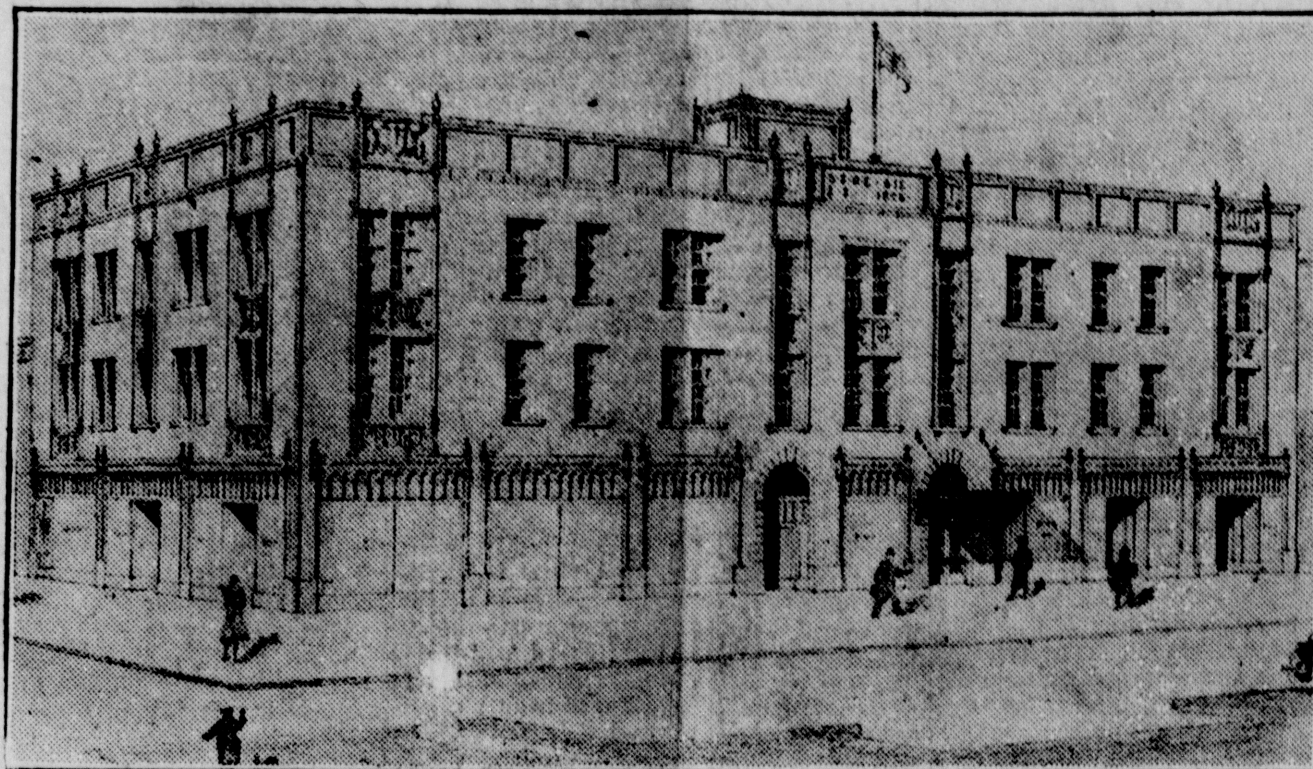

Arabs attacked the fleeing men, however, and a fight ensued.

The deserters were armed with only one rifle and were facing death when French sympathizers arrived and saved them. The deserters were forced to surrender to French officials to avoid being slaughtered by the Arabs.

In addition to Doty and the Germans, who fled with him, one of the deserters is believed to be British. All are awaiting disposition of their cases in damascus.

Beirut, Syria, June 9.—(UP)—Bennett Doty (Gilbert Clare) American soldier in the French Foreign Legion is now held on a charge of absence without leave and not desertion.

### LEGAL FIGHT OVER ESTATE OF V. L. POWER

DIVISION OF \$300,000 FORTUNE  
PRODUCES LITIGATION

MRS. MADELINE TOOGOOD STACK  
ATTACKS PROBATE OF  
WILL

Duluth, June 9.—(UP)—A legal battle over division of the \$300,000 fortune left by the late Victor L. Power, former mayor of Hibbing, "the richest village in the world," was a certainty today.

Mrs. Madeline Toogood Stack, owner of a St. Paul hotel and formerly owner of a tea room in Hibbing, has attacked probate of Power's will, declaring that she was married to Power after it was drawn up and is entitled to share in the fortune.

The objection to probate was filed May 17 but has been kept secret. The grounds on which the will is to be attacked are expected to be divulged Thursday, when a hearing on the contest will be held in St. Louis county court here. The hearing may be only a preliminary to the real litigation, however.

Power left real estate valued at \$222,155 and personal property worth \$74,100, naming his three sisters and four brothers as heirs. The will named no other legatee and no mention was made of a wife.

Mrs. Stack, however, contends she was married to Power after the will was drawn. She says that while she was in Hibbing she operated a tea room in an apartment owned by Power.

Pierce Butler, Jr., of St. Paul, and Power, Harris & Mulvihill are counsel for the estate. R. B. Power of Green Bay, Wis., a member of the firm, is a brother of the former Hibbing mayor and administrator of the estate.

W. O. Bishonett of Duluth is the attorney for Mrs. Stack.

### POLITICS AND BASEBALL BRING A LARGE CROWD

Clarkfield, Minn., June 9.—(UP)—Politics and baseball together brought a large crowd here today for a farmer-labor rally and all-day picnic.

The political part of the day was to be filled by Tom Davis, Minneapolis attorney, and candidate for the farmer-labor nomination for governor, and Congressman O. J. Kvale, who were scheduled for addresses.

But the rivalry of an annual baseball game drew equal interest. Clarkfield, with its only band encouraging it, was to play Ghent in the afternoon. Harold Anderson of St. Olaf college was to pitch for Clarkfield and Hartman of the Western league for Ghent.

### SIX COLLEGIANS SEEK A THRILL, GET ARRESTED

FACE ROBBERY CHARGE, EXPULSION FROM COLLEGE AND FRATERNITY

SIX ARE ALL FROM LAKE FOREST COLLEGE, ILLINOIS

Lake Forest, Ill., June 9.—(UP)—Six young collegians tired of the routine of campus life and sought a thrill. Today they are under arrest for robbery and face expulsion from their college and fraternity.

The six, who are students in Lake Forest college, are Mark E. Harmeyer, Russell Kunz, son of a Chicago pastor; Wilmer K. Mayne, Tipton, Ind.; Ensign Arthur O. Johnson, George Willard, Mankato, Minn., and Alex Maitland, Negaunee, Mich. Harmeyer is in jail at Waukegan and the others are in jail here.

Harmeyer was arrested with Mayne and Willard, while police say he attempted to steal a tire. Further investigation led to the fraternity house where jewelry, bric-a-brac, coats and other loot from recent robberies of fashionable Lake Shore houses were discovered. This led to the arrest of the other collegians, all members of the same fraternity.

The youths, all campus leaders and four of them athletes, were questioned. They confessed to the robbery and one of them said:

"We drank gin. We did not need money, but after you drink a little liquor you want to ride fast and go fast. There was a kick in turning burglars and we tried to get it."

### ODD FELLOW ENCAMPMENT

500 MEMBERS IN ATTENDANCE  
AT ST. PAUL  
TODAY

St. Paul, June 9.—(UP)—The Grand Lodge of the Independent Order of Odd Fellow opened its 74th annual meeting in St. Paul today with 500 members and an equal number of Rebekahs present.

A banquet will be held tonight. Later the decoration of chivalry will be conferred on four men and 20 women.

Frank Lenhart, of Minneapolis, will be installed as grand master tomorrow.

### COOLIDGE ORDER IS NOT TAKEN ADVANTAGE OF

NO REQUESTS FROM STATES FOR  
ALLOCATION OF PROHIBITION COMMISSIONS

NOT A SINGLE COUNTY, STATE OR MUNICIPAL OFFICER  
MADE DRY AGENT

Washington, June 9.—(UP)—The federal prohibition organization now plans no immediate use of President Coolidge's executive order allowing the appointment of state, county or municipal authorities as government dry agents, Director of Prohibition James Jones announced today.

No appointments under the order will be made at any time unless a request is received by prohibition administrators in the field from states or counties for such designation.

No requests have been received from the states for the allocation of prohibition commissions and Jones said that so far not a single county, state or municipal officer has been made a dry agent under the order.

The report of the judiciary subcommittee upholding the president's recent executive order authorizing state officers to aid in federal prohibition enforcement today was adopted by the full committee by an overwhelming vote. Only three members voted against the report.

Senators Caraway, democrat, Arkansas, and King, democrat, Utah, said they would file minority reports condemning the order.

### SAYS PRESIDENT'S ORDER ILLEGAL ON 2 GROUNDS

Washington, June 9.—The president's order authorizing employment of state officers by the government to enforce prohibition is illegal on two grounds, Sen. King, democrat, Utah, said in a minority report of the senate judiciary committee made public today.

### POULTRY ASSOCIATION BRINGS DELEGATES FROM 2 STATES

Red Wing, June 9.—(UP)—Hundreds of members and their guests came to Colvill Park today for the second annual picnic of the Lake Pepin Cooperative Poultry Association, which is composed of Minnesota and Wisconsin poultry raisers. The more serious features of the day included a business session and addresses by State Senator W. H. Hunt of River Falls, Wis., on "poultry on the farm;" J. H. May of the state agricultural commission on "cooperation in marketing;" and A. A. McPherson, general manager of the Lake Region Exchange on the "business of marketing."

For recreation, concerts by the Training School band and a kitten-ball game between Wisconsin and Minnesota were on the program.

### TOUCHED LIVE WIRE AND THROWN 25 FEET TO GROUND

Hastings, Minn., June 9.—(UP)—The shock of touching a live wire caused Stephen Kutzma of Waterville, Minn., to fall 25 feet to the ground late Tuesday. He is in a hospital here today, suffering severe injuries to his right leg and hip and numerous bruises.

### THREE CONFESS CRIMINAL ATTACK ON PRETTY COED

YOUTHS HOPE THE LAW WILL BE  
LENIENT WITH  
THEM

TESTIMONY IN MITIGATION OF  
THEIR CRIME TO BE  
ORDERED

Sycamore, Ill., June 9.—(UP)—Because of their youth and because they admitted their crime by pleading guilty, three young men of DeKalb, Ill., hope that the law will be lenient with them for their confessed criminal assault upon Miss Dorothy Westervelt, pretty coed at the Northern Illinois Teachers' college.

Testimony in mitigation of their crime will be ordered before Judge William J. Fulton next Tuesday and will be countered by state's testimony to show proof that a crime was committed.

The situation is a reflection of that which existed in the famous Leopold-Loeb case in Chicago in which the young millionaires offered pleas of guilty rather than risk their fate with a jury. As in the Leopold-Loeb case the assailants of Miss Westervelt now face certain punishment, but hope that their sentences will be made light by virtue of their youth and the fact they confessed.

The three young men, all sons of prominent families, are Emerson Wilson, 21, Leonard Rich, 21, and Stanley Hurt, 20. They confessed criminal assault upon Miss Westervelt on the night of April 11 when they ended a joy ride by taking the girl's companion to her home and then taking Miss Westervelt alone to a secluded spot outside the town.

Miss Westervelt returned to DeKalb the following day, exhibiting signs of a terrific struggle. She named the three young men, all students at the Teachers' college.

### THREE PERSONS WERE BURNED TO DEATH AT HERRIN

FIRE DESTROYS HOME OF JAMES  
STUMM EARLY  
TODAY

BODIES OF FATHER AND DAUGHTER FOUND NEAR  
WINDOW

Herrin, Ill., June 9.—(UP)—Three persons burned to death and two are suffering from burns in a hospital as a result of a fire which destroyed the home of James Stumm here early today. Stumm and two daughters, 11 and 8, are dead. Mrs. Stumm and a baby boy were badly burned.

The bodies of Stumm and one of the girls were found mid-way between a bed and a window. They were apparently awakened and were making an effort to escape. The other girl was probably overcome by the fumes before awakening as her body was found in the charred bed.

### Claim That Girl Died From Illegal Operation Performed

Herrin, Ill., June 9.—(UP)—As the result of a coroner's inquiry into the death of Miss Lorine Morris, 16, a student of Herrin township high school, who died Sunday, two men are held today charged with murder. The two men are Daniel Larson, a teacher in the high school, arrested at Kenosha, Wis., and Dr. J. P. Huff, arrested at the state hospital at Elgin, waiting arrival of officers from Williamson county. The verdict was that death came "from per-

### SCHALL GAINS VICTORY IN THE COMMITTEE

SENATE ELECTIONS COMMITTEE  
RECOMMENDS DISMISSING  
JOHNSON PLEA

DECLARES MAGNUS JOHNSON DID  
NOT SUBMIT SUFFICIENT  
PROOF

Washington, June 9.—(UP)—The senate is expected to adopt today or tomorrow the resolution of the elections committee submitted by Senator Deneen, republican, Illinois, disposing of the Schall-Johnson senator contest, by declaring Senator Thomas D. Schall, republican, Minnesota, elected. A report submitted with the resolution late yesterday recommended that former Senator Magnus Johnson's suit to unseat Schall be dismissed. Johnson charged Schall with irregularities in his campaign in 1924, when the farmer-laborite was defeated by about 8,000 votes.

The committee decided unanimously that Johnson had not submitted sufficient testimony to prove his case.

Washington, June 9.—The senate privileges and elections committee recommended to the senate that the contest of former Senator Magnus Johnson, farmer-labor, Minnesota, to unseat Senator Thomas D. Schall, republican incumbent, be dismissed.

Johnson had charged irregularities but did not question the vote, which gave Schall a majority of about 8,000 over the farmer-labor candidate.

Johnson claimed bootleggers' contributions aided his opponent, but the elections committee reported "The evidence does not show that any violators of the liquor laws were induced to contribute money for the expense of Schall's campaign."

The committee further decided that there was no evidence to support other charges made by Johnson that Schall had violated the franking privileges; that he had promised appointments in return for support; that he had violated corrupt practices laws of Minnesota, or that he had spent money during the campaign.

The report of the committee was signed by Senators Deneen, republican, Illinois; Goff, republican, West Virginia, and Neely, democrat, West Virginia.

The charges revolved around two persons prominently identified with the Schall campaign and frequently mentioned in the testimony as "Andy and Jake." Andy was Andrew A. D. Rahn and Jake was A. N. Jacobs.

Peter Cosgrove, Minneapolis attorney, testifying for Johnson, said he worked for Schall in the campaign and when anyone asked for money Schall always referred them to "Andy and Jake." Cosgrove testified that when he asked to be reimbursed for his efforts, Schall said:

"I am busted wide open as far as money is concerned. Cannot Jake do anything for you?"

"I said 'No,' according to the witness, whereupon Schall is alleged to have said: "Well, go see Andy. Jake and Andy have charge of my campaign."

"I will add that Jacobs after several weeks, did contrive to pay me \$28," Cosgrove testified, according to the report.

S. B. Qvale, former federal prohibition director for Minnesota, testified that Jake (Jacobs) had asked him to have 14 or 16 liquor law violation cases continued until after the election.

"It is my opinion they are all going to plead guilty but they would like to have a chance to vote before they go to the pen," Qvale said Jacobs told him.

Upon cross examination a letter written by Qvale was presented in which Qvale said he would not testify that Senator Schall "asked me to use my influence to nolle or modify the cases," or that Jacobs stated he represented Schall.

tonitis as a result of a criminal operation."

Dr. Huff was a physician at Cartersville but had recently accepted a state position.

Larson was on his way home, following the close of school. He lives on a farm between Forestville and Algoma, Wis. The girl before death implicated the two men under arrest.

## TWO GIRLS IN HIKING TOUR

Miss Mabel Larson, Superior, and Miss Addie Bradt, Austin, Pass Through Brainerd

### SEEING STATE FIRST HAND

Have Already Walked 200 Miles and Feel Thrilled Over Experiences

Examples of what the best dressed lady should wear while hiking. Miss Mabel Larson, Superior, and Miss Addie Bradt, of Austin, passed through Brainerd today on their hiking tour of Minnesota.

The girls are taking this means of seeing Minnesota first hand. They already have walked over 200 miles and feel thrilled over their experiences so far.

Today the girls are walking to Staples. They plan to continue their tour of the state on foot visiting all the points of interest for a month, or at least as the girls expressed themselves, "till our money runs out."

Paraphernalia included in their equipment is breeches, a blouse and jacket, high rolled stockings and high top boots. Each carry a knapsack.

Miss Hill has accepted the position of surgical supervisor in the same hospital from where she graduated.

## BROOKHART IN 70,000 PLURALITY OVER CUMMINS

Des Moines, Ia., June 9.—(UP)—Almost complete returns from the republican primary in Iowa, which was held Monday, today show Smith W. Brookhart, insurgent and former senator, nominated over Senator Albert B. Cummins, administration supporter, by about 70,000 plurality.

The vote from 2,367 precincts of the state's 2,447 give Brookhart 203,140; Cummins 133,852. Other candidates were running well in the rear.

Claude R. Porter has apparently won the democratic nomination handily. Returns today showed Porter was running about 2 to 1 ahead of J. R. Files and J. C. Murtagh, his closest competitors.

JUDICIARY COMMITTEE REPORTS  
OUT ENFORCEMENT  
BILL

CONTENTION SUPPORTED THAT  
A "MAN'S HOME IS HIS  
CASTLE"

By HERBERT LITTLE  
(United Press Staff Correspondent)

Washington, June 9.—Prohibition debate on the house floor was insured today by the judiciary committee's action in reporting out the Goff-Graham-Andrews enforcement bill, tightening up the Volstead act.

The committee supported the contention that "a man's home is his castle," by recommending deletion of the section proposed by Lincoln C. Andrews, dry chief, to allow search of private dwellings if there is evidence of stills being set up in them. The other provisions of the bill proposed by Andrews were approved. The committee requested Chairman Graham, republican, Pennsylvania, to ask for a special rule to bring the measure before the house.

In the senate the same bill, introduced by Senator Goff, republican, West Virginia has been much altered and probably will not be considered this session.

## FAMOUS WALKER NOW "TIRED OLD MAN"

New York, June 9.—(UP)—Edward Payson Weston, famed for his feats of heel and toe walking, which began when Abraham Lincoln first was inaugurated president and did not end until he was past 70, when he walked from coast to coast in a little more than 100 days, has become just a "tired old man." He is now past 80.

He was found wandering before daylight today in the New York east side bewildered.

Relatives were notified and he will be returned to his home in Philadelphia.

## BREAD AND WATER FOR DRY LAW VIOLATORS

CLARENCE DARROW SAYS JUDGE  
MUST BE A PROHIBITIONIST

MUST BE PREJUDICED NOT IMPOSING  
SIMILAR SENTENCE  
ON OTHER OFFENDERS

By KENNETH G. CRAWFORD  
(United Press Staff Correspondent)

Chicago, June 9.—The Nebraska judge who sentenced two state liquor law violators to 40 days on bread and water, "must be a prohibitionist," Clarence Darrow, Chicago lawyer, remarked today when told of the incident.

"Any court who would give such a sentence for selling liquor and not for other offenses must be a prohibitionist and therefore prejudiced," said Darrow, with the famous suspender snapping gesture that indicates interest.

The lawyer's liberal doctrines gained world wide attention through his defense of Nathan Leopold and Richard Loeb, Chicago "thrill slayers," and of John T. Scopes, Tennessee evolution teacher. His reaction to a Nebraska supreme court ruling upholding the bread and water sentence was apparently a conflict between disgust and dismay.

"I am not familiar with the Nebraska institute involved, but would consider such a sentence unconstitutional because it is cruel and inhuman. However, if the Nebraska supreme court upheld it, the question is settled in that state."

"I cannot imagine use in a liquor case unless it is invoked for punishment of more serious offenses," Darrow said there was not, to his knowledge, any Illinois statute providing for sentence to imprisonment on bread and water. He mutilated the end of a cigaret confirming this opinion and resumed denunciation of Nebraska jurisprudence.

"Of course the supreme court has nothing to say on review of the case if the judgment is legal. But the trial judge might invoke some legal but without statute of this kind through pure prejudice."

The Nebraska high court handed down its decision yesterday upholding sentence of Ray Carson and

Thomas Nelson to 60 days in the county jail, the first and last 20 days on a diet of bread and water. The case was appealed from the findings of Judge Orville Chat, Burt county, Nebraska.

## BOYS WIN TRIP TO STATE FAIR

CROW WING COUNTY HAS IRON-  
TON AND CROSBY REPRESENTATIVE

St. Paul, June 9.—(UP)—Names of Minnesota club boys who have won membership in the fifteenth annual farm boys' camp at the 1926 Minnesota state fair have been announced by H. A. Erickson, state club leader.

Names of the farm boys and their home towns and counties include: Benton county, Lester Scherfberg, St. Cloud, baby beef and sheep club.

Stearns county, Ivan Dykstra, Brooten, dairy calf club, and Gilbert Crever, St. Joseph, baby beef club. Sherburne county, Melvin Edson, Becker, dairy calf club, and Stanley Dawson, Zimmerman, pig club. Crow Wing county, Lewis Burton, Ironton, garden club, and David Garceau, Crosby, poultry club.

Selections were based on outstanding records made in club projects.

## UNDERGROUND EXPLOSION INJURES 9 MEN

The injured were taken to hospitals.

## GET FEW DAYS MORE OF LIBERTY

Chicago, June 9.—(UP)—Sheriff Peter M. Hoffman and former Wardman Wesley H. Westbrook, both scheduled to go to jail today for their alleged complicity in the "in again, out again" tactics of Terry Druggan

and Frankie Lake, beer barons, were today given an additional few days of liberty when their sentences were stayed until Saturday morning.

Counsel for the two is now in Washington to place the case before the United States supreme court.

## COUNTESS CATHCART TO MARRY AMERICAN

London, June 9.—(UP)—Countess Cathcart is about to marry a 25-year old American, according to the Daily Graphic.

The bridegroom is Gideon Boissevan, member of a well known Dutch-American family, the newspaper said. "We met only a few weeks ago, it

has been a case of pure romance," the couple was quoted as saying. "Naturally we are most shy regarding the whole affair. We bought a ring in Bond Street and the marriage will occur next week."

## RISE OF AN IMMIGRANT BOY

In the St. Cloud Daily Times of June 8 one finds an interesting article written by Fred Schilplin, editor of the Times, on Michael J. Sasgen, now a nationally known Chicago manufacturer, who started life in Stearns county as an immigrant boy.

It shows in concrete fashion the wonderful opportunities this country offered, and how energy, native ability and integrity can work out a competence.

Sasgen is now directing genius of the Sasgen Derrick Company and the Grand Specialties Company in Chicago, doing a manufacturing business of over half a million dollars annually.

Sasgen was born in Prussia in 1872 and came to America with his parents when he was 12 years old. Their first home was in the township of Rockville. Judge Roeser assisted the lad in his education. In 1892, when 20 years old, Sasgen got a job at the Great Northern car shops in St. Cloud.

"Mr. Sasgen worked for two months at the Great Northern car shops, where some of the old-timers might probably recall him. A number of fellow workers had taken land at St. Mathias in Crow Wing county near Brainerd and had induced him to do the same thing. As a result, he went to farming. It was there that he met Martha Peterson, who was keeping house for her brother at Daggett Brook. They were married at Brainerd in June 1896.

"It was while running this farm that he got his first idea in regard to his Champion Derrick.

"It was his bent toward mechanics that brought him in touch with John Hessel of Brainerd, who was the local representative for the Deering Harvester Company, now a part of the International Harvester Company. It was the harvest time and the harvester companies were hard up for experts to make repairs to the binders in the fields. In the emergency Sasgen fixed a binder for a neighbor and Hessel coming on the scene and seeing how expertly Sasgen had done the job, pressed him to help him out by doing expert work for the harvester company. As a result of this incident, he went to work for the International Harvester Company.

"After going to work for the International people, he bought a house at Brainerd and it was there that he made his first derrick. While working at the farm, he had the same difficulty that every farmer has where he has no hired man to help him in taking off and putting on hay racks, wood racks and wagon boxes onto the wagon as their different uses were required in farm work. While at the farm, he had rigged up a derrick as best he could to hoist these racks and wagon boxes.

"This he perfected and in 1900, while at Brainerd, he had it patented through a local attorney there.

Many an inventor patents a good article, but lacks the business ability to market it, the staying power to face adversity and the many rebuffs before a patented article succeeds in finding a market. Sasgen surmounted all difficulties, lost all his money in his venture, started over again, leaving Benton Harbor for Chicago, and there in the basement of his home made his derricks and sold them directly to the farmers he visited in the country. Then he had his brother, Mathias, join him. The latter had been working in the Northern Pacific shops.

Two years later they started manufacturing on a larger scale and after that followed rapid growth. In 1913 a branch factory was opened in Canada and this has also proved successful. Later it was discontinued and the articles manufactured on a royalty basis.

Mr. Schilplin writes the story in vivid manner. Mr. Sasgen and family are well known in Brainerd where he visited last year when making an automobile tour of the lakes. He always has a warm spot in his heart for Brainerd and Crow Wing county.

## LAKESHORE PROPERTY BOOM

The St. Paul Pioneer Press of Sunday carried an extended article on its realty page which was headed in a seven column streamer, "Lakeshore Property Booms as Tourists Swarm to Minnesota."

As THE BRAINERD DISPATCH has always maintained, the current would run from California to Florida and thence to our lake region.

"The greatest boom in Minnesota lakeshore property now is gaining momentum with the outing season calling thousands to the Gopher state not only as tourists but also as prospective purchasers of resorts, resort sites and summer homes. Not only are individuals swarming into the state of 10,000 lakes, but large interests are preparing to spend vast sums in development projects.

H. C. Hotelling, secretary of the 10,000 Lakes of Minnesota Association, reports among other things the large developments made in the vicinity of Whitefish, Gull and Pelican lakes near Brainerd.

"Minnesota's rapid development as a tourist state is not only benefiting the resort and summer hotel owners, but all other lines of business as well. There is an old saying that seeing is believing and this can be most effectively applied to the tourist, who traveling through the state becomes so impressed that he decides to make his home here. People come to see our state with the idea of looking for a homesite while they are enjoying a vacation.

"Throughout the state there is a growing current of optimism. You can feel it as you pass through the towns or talk to the citizens of the places along the way.

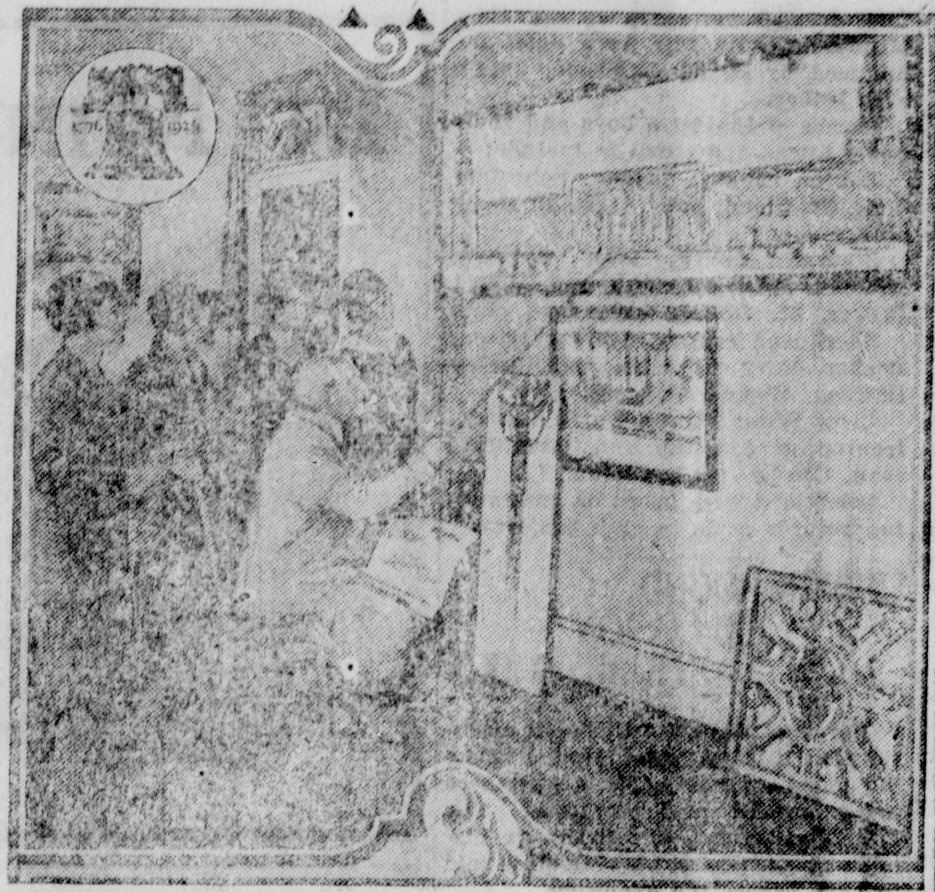

"Not only is this optimism being shown in Minnesota, but in the outside as well, and as a result our state will receive more advertising this year than ever before. In addition to the \$50,000 the Ten Thousand Lakes Association is spending in national advertising, a great amount of money from other sources is being used to advertise the state. Considerable is being spent by railroads that never before gave Minnesota more than a mere mention in their time tables. Several magazines are running Minnesota editions. Because of the larger amount appropriated for advertising this year the advertisements of Minnesota overshadow those of other states. Resorts have prepared better booklets than ever before, and attractive booklets do have a lot to do with forming the first impression on a stranger who contemplates spending a vacation here.

"I spent a week in northern Minnesota with Fred Sargent, president of the North-Western railroad, and a number of other prominent railway men. They were completely sold on the wonders of Minnesota and will not only shorten the running time be-

tween Chicago and Duluth but intend to put on a big advertising campaign and advertise the North Star State in every part of the United States. Other railroads are also getting out beautiful booklets and Minnesota will be advertised as never before.

"Did you ever stop to think how ideally Minnesota is situated to show her wares to the tourist passing through? The fellow of the central part of the United States is perhaps first attracted to Minnesota by the thought of cool northern lakes, whispering pines, good fishing, golf on a cool breezy course, or the prospect of just lying around in a comfortable cottage. But when he comes here, as a tourist, he has to pass through the rich agricultural and industrial portions of the state to get to these pines that he reads about."

## "SOME WILD NOTIONS I HAVE KNOWN"

By the REV. ROY L. SMITH, D. D.  
Pastor Simpson M. E. Church, Minneapolis

## "A MAN MUST MAKE A LIVING"

But making a life comes before making a living.  
At the close of the Civil War Robert E. Lee, the Confederate General, was approached by a committee and solicited to allow his name to be used in connection with a certain business enterprise about to be launched in the south. The promoters were willing to pay a considerable sum to be able to announce that Robert E. Lee was the president of their company.  
"But I know nothing about this business," the general is said to have replied.

"You do not need to know anything about it. We will run the business—only let us use your name."

"I am afraid that I cannot accept," said the great General. "My name stands well among my people and, although my name is all I have left, it is not for sale."

It is better to die in poverty with a clean conscience than to live in opulence and luxury and be ashamed to tell your children how you got your money.

"A man's life does not consist in owning things in abundance," said Jesus of Nazareth who was, Himself, willing to die rather than let the world get the impression that he hated anyone in the world.

John Wesley died poor, leaving nothing behind him but a couple of silver spoons, a few worn books, a pair of saddle bags, a threadbare suit of clothes and the Methodist Church.

George Washington contracted a cold that cost him his life while trying to repair the damage that had overtaken Mt. Vernon's fields while he was serving the new nation through its greatest crisis. If he had been only interested in making a living the American armies would never have had such a general.

Louis Pasteur, Charles P. Steinmetz, Madame Curie and scores of others could have been rich if they had been willing to devote their talents to making a living. By making a life they have become famous and immortal.

## NORTHWEST AND CHICAGO LINKED BY AIR MAIL

St. Paul, June 9.—(UP)—With the northwest and Chicago linked by air mail, the extension of service to North Dakota and Canada is to be attempted.

A conference to make plans for the extension service is to be held soon by Colonel L. H. Brittin, industrial director of the St. Paul association; Mayor J. H. Dahl of Fargo, and Mayor Ralph J. Webb of Winnipeg. Winnipeg and Fargo would be the terminals of air mail service from St. Paul.

Mayor Dahl of Fargo was one of the interested spectators at the take off of the first air mail plane from the Twin Cities to Chicago. He has expressed the prophecy that rapid expansion of the service would be made. A suitable landing field at Fargo is his immediate goal and then he will attempt to obtain air mail service to that city.

Despite the tragedy in which Elmer Partridge was killed when his plane crashed near Mendota, air mail service went on uninterrupted Tuesday and schedule time in both directions was bettered by pilots.

The plane of H. J. Keller, forced down Monday, made three other landings Tuesday before reaching the Twin Cities flying field, a broken gasoline feed pipe was the reason.

## Brown and you

Brown's a good fellow, but he's different from you. He isn't successful the way you are. He's got a funny taste in clothes. He doesn't understand what makes a good show or a good book. He doesn't golf. He isn't popular, either—Brown. Not the way you are. Oh, Brown is as far removed from you as the North Pole!

But—at that, there are certain things. Both of you feel suddenly old when you see a pack of kids swimming frankly in the creek. Both of you get a tight throat when you watch men hoist the flag. Both of you fiercely want your sons to grow up into fine, respected men. Both of you want to get on, and save money, and cut some kind of figure in the world. Both of you get hungry along about dinner-time.

Not so very different after all. In lots of ways Brown and you are pretty close. In the human, simple things. Has it ever struck you how closely advertising deals with just those simple human things? Advertising gets down to fundamentals—the health of your children, the happiness of your wife, your comfort. It tells ways to save money and time and energy. It touches you in a hundred ways—in the ways that make you and that good fellow, Brown, pretty much alike.

Read the advertising in the newspapers. It is important. It is human and helpful. It is dedicated to Brown and you.

If it's advertised, you can be sure it serves an important home need. Read the advertisements

## CONSECRATED AS THE TITULAR BISHOP OF MYLASA

ANCIENT AND IMPRESSIVE CEREMONY TAKES PLACE AT WINONA

RITE CELEBRATED IN COLLEGIATE CHURCH OF ST. MARY OF THE ANGELS

Winona, Minn., June 9.—(UP)—With one of the most ancient and impressive ceremonies of the Roman Catholic Church, the Rt. Rev. Francis M. Kelly, D. D., was consecrated today as titular bishop of Mylasa.

The rite was celebrated in the collegiate church of St. Mary of the Angels, which is on the campus of the College of St. Teresa. Hundreds of visiting dignitaries were present, including some 225 priests and 100 nuns.

The three hour ceremony began with a procession of bishops and priests from St. Teresa hall to the church, followed by the actual consecration during a mass celebrated by both Bishop Heffron and Bishop-elect Kelly. Two altars were used, the main altar by Bishop Heffron and a side altar by Bishop-elect Kelly.

Bishop Heffron, as the consecrating prelate, was assisted by two other bishops. Twenty-five priests also took part. The sermon was preached by Archbishop Dowling of St. Paul. Music for the ceremony, unsurpassed throughout the liturgy of the church, was rendered by the choir of St. Mary's College under the direction of Professor Fred J. King. The rite began at 10 A. M. and lasted about three hours. It was immediately followed by a banquet at the Hotel Winona in honor of the visiting prelates. This evening a reception will be held at the Catholic recreational center.

The consecration was unusual for two reasons. Ordinarily such a ceremony must be celebrated on a Sunday or the Feast of the Apostles. However, the Holy See at Rome granted a special dispensation which made that formality unnecessary

and allowed the consecration to take place today.

Another departure from custom was in that Winona was chosen for the rite. All previous consecrations in the ecclesiastical province, which embraces Minnesota and North and South Dakota, have been in St. Paul.

## NEW YORK SCENTS ARRIVAL OF SUMMER

New York, June 9.—(UP)—Indications that the long delay in the arrival of summer was about over, came with daybreak in New York today.

The sun was bright and warm and there was the feeling of summer in the air for the first time in weeks.

At 8:30 A. M. the temperature was 68 in City Hall Park and there were indications that the thermometer would hit higher ranges before the day was out.

Chicago, June 9.—The first of summer weather is visiting Chicago now.

A brilliant sun beamed this morning and at 7:30 A. M. the temperature was 62 degrees. The temperature probably will climb considerably during the day, although the forecast is for cooler weather tonight.

Yesterday 75 degrees temperature was reported in the loop district.

## DR. JOHN J. TIGERT TO SPEAK AT DULUTH

Duluth, June 9.—(UP)—Commencement exercises of the Morgan Park high school tonight will be honored by the presence of Dr. John J. Tigert, United States commissioner of education, who will deliver the principal address.

Dr. Tigert is here on a week's visit in the Arrowhead country. He will attend three other commencements and at each will be the principal speaker.

Tomorrow morning Dr. Tigert speaks at the exercises of the Superior normal school, tomorrow night at the Hibbing junior college graduation and Friday night at the Duluth Central high school program.

## MANY DEATHS BY AUTO ACCIDENTS

40 IN 3 PRINCIPAL CITIES OF THE STATE IN FIVE MONTHS

St. Paul, June 9.—(UP)—Deaths by automobile accidents in the three principal cities of Minnesota during the first five months of 1926 reached a total of 40.

In Minneapolis 22 died, in St. Paul 14, and in Duluth 8, according to figures announced by the department of commerce. In proportion to population, Duluth had the largest number of deaths.

For the four week period ending May 22, Minneapolis was the only city of the three showing an increase in deaths as compared with 1925. Two more fatalities were recorded than in the same period the year before, a total of seven. Three were killed in St. Paul and one in Duluth.

## Investigate Charge That Postmasters Paid For Appointment

Washington, June 8.—(UP)—The civil service commission today agreed to investigate charges that federal employees, including postmasters in certain southern states, had paid for their appointments.

The commission met with the senate civil service committee and Chairman Couzens, republican, of Michigan, turned over to the commission evidence of alleged violation of the civil service law in Tennessee and Texas. The commission will conduct a preliminary inquiry into the charges and report back to the senate committee whether a senate probe should be instituted.

## FASHIONS

By HEDDA HOYT

New York, June 9.—(UP)—As speckled as a brook trout are some of the new sports coats. "Splash tweed" is one of these speckled materials which is very popular with the woman who wears distinguished looking sports clothes. The speckled idea is carried out in colors on a neutral gray, tan or navy background. The specks may be white, rose, red, yellow or orange. In some cases the garment looks as though it has been out in a snow storm.

Sharkskin cloth is another new material of the speckled type. It gets its name from the fact that it is spotted and flaked until it resembles the shark's skin. Waffle weaves are also popular at present and often these are flaked with spots. Homespuns with large dots of contrasting colors are generally large and of contrasting color.

Many shops are showing jersey jumpers with silk pleated skirts for sports wear. Velvet jacquettes with pleated silk skirts are also shown. In both cases, the smartest models match the skirt and jumper or coat in color.

Large felt sport hats offer a new life to felt in the hat world. Some of the smartest shops which cater to well-dressed women are displaying these large felt shapes with slightly drooping brims and short backs. The

trimming is very meager, being merely belting ribbon extending about the crown matched by a narrower ribbon binding the brim edge.

There is something very smart about the large felt. In fact, trimming may be used which makes the hat dressy rather than of sports type. At a recent wedding in New York a matron wore a large felt of Copenhagen blue with wide drooping side-brim and up-turned rear brim. Two blue wings adorned the up-turned rear brim being held at the center with a diamond pin. This hat was worn with a gorgeous gown of afternoon type.

## BROTHERS BATTLE; ONE IS KILLED

Blackduck, June 9.—Round Lake community in Ardenhurst township, Itasca county, about 15 miles east of Blackduck, was the scene Saturday night of a shooting affair in which one brother killed another. Victor Hamalainen, 30 years, is dead and his brother, Walter Hamalainen, 27 years old is in jail charged with the shooting.

The cause for the shooting is stated to be family trouble of long standing. Walter shot his brother with a shot gun in his own house after an argument is alleged to have occurred on the stairway.

## ATTENDANCE AT NATIONAL A RECORD ONE

CROWDS HAVE COME DESPITE  
UNUSUALLY COLD  
SPRING

CLOSENESS OF RACE IN LEAGUE  
IS ATTRACTING MUCH  
INTEREST

By PAUL W. WHITE  
(United Press Staff Correspondent)

New York, June 9.—(UP)—Fears so often expressed that baseball was losing its right to the title of the national pastime, received another setback in the announcement of National league club owners that the first two months of this season saw record attendance. The crowds came despite the unusually cold spring.

When the owners gathered here for their June meeting yesterday they tried to analyze the cause of the prosperity and a few were inclined to lay it to the new ball which has cut down batting averages and limited the supply of extra base hits.

Others ascribed the record attendance to the closeness of the race in the senior circuit, which is the more likely cause. With virtually one-third of the season gone only 4½ games separate the league-leading Cincinnati Reds from the New York Giants and Brooklyn Robins who are tied for fifth place.

It is anybody's race. The Pittsburgh Pirates are but a game out of first place. The Cubs are only 1½ games behind Pittsburgh and the Cardinals are trailing the Chicagoans by a game and a half. Every day for a week there has been some change in the standings.

When the ball parks begin to pack them all over the circuit, it is an indication that a great deal of uncertainty exists as to which team will win the pennant.

The National league of recent years has suffered in attendance somewhat because of its lack of colorful stars. The big names of baseball are in the American league. There are loads of fans who go to the ball parks to see such players as Ruth, Speaker, Cobb, Johnson, Collins and Sisler perform. In the older organization there are plenty of popular and talented players such as Hornsby, Frisch, Wheat, Carey and Cuyler, but they do not have the color of the junior league stars.

Game Thursday night 5:30 P. M.  
Y. M. C. A. vs. B. A. C.

With the B. A. C. offensive getting into good action in the sixth inning of last night's game with the Seals, for a 4 to 1 victory over the league leaders, the four teams of the city circuit are knotted as never before, with the outcome of the season's mixes more of muddle than ever. Only a single game separates the first place team from the cellar champs at this stage, with one game less than half of the season completed.

Stallman and Stevens engaged in a fine pitching duel last night, with Stallman having a slight edge. Three hits were made off Stallman, while the B. A. C. men got to Stevens for five. Stevens had the better of the strike-outs, however, getting 11 of the B. A. C.'s by the whiff route, while Stallman fanned four. Stevens fanned three in a row in the second, after Stallman had singled.

Uddenberg's stop of Ware's grounder, far to the side, in the fourth,

and his throw to retire the side, will go down in the history of this year's play as one of the greatest bits of fielding seen. It was a hard hit ball and Uddenberg went far out to get it. The B. A. C. infield contributed two fast double plays, both started by Hegstad, while the Seals made one.

The B. A. C. infield gave the best exhibition of defensive playing ever seen in the city league, accepting 16 put-outs and 13 assists for a total of 29 chances without a misplay. Neime on second had nine chances which he handled perfectly.

## 200 ATHLETES TO COMPETE AT CHICAGO SATURDAY

Chicago, June 9.—(UP)—Approximately 200 athletes, all place winners in their various sectional meets, will compete here Saturday in the National Collegiate Amateur Athletic Association games to be held at Soldiers' Field.

Sixty-three universities and colleges will be represented.

One of the greatest fields ever to compete in the games has been assured by the officials, who have refused to accept entries of athletes who have failed to place in their meets.

One of the features of the meet will be a shot put duel between John Kuck, Kansas State Teachers' college and Captain Bud Houser of Southern California.

The two met once before in the Drake Relays and Kuck was the victor after a thrilling fight. Another of the main events will be the 100 yard dash in which Roland Locke, Nebraska University star, will be opposed by the best of collegiate sprinters.

# BRAINERD PURE MILK COMPANY FORMED

Pasteurization Plant Equipped at Expense of \$20,000

## PLANT OPERATES TUESDAY

J. E. Johnson, Minneapolis, is President of Company Organized

Aiming to provide the homes of Brainerd with pasteurized milk, heretofore not in use in the city, is the object of the Brainerd Pure Milk Co. which has been organized and which already has built a fine pasteurization plant at the rear of the Brainerd Model Laundry at an expense of \$20,000.

The plant which has just been completed has the very best machinery to be secured for the pasteurizing of the milk. The machinery itself is estimated to cost over \$15,000, and the layout is such that human hands do not touch any part of the milk as it comes from the farmers, goes through the process of pasteurization and is bottled for distribution to the customers in the city.

Milk will be secured from the farmers in the district around Brainerd. The plant has been newly renovated and the opening day of business next Tuesday will see in operation a pasteurization plant in comparison only to those of the cities where many thousands of customers receive through the milk carriers their fresh, clean milk each day.

J. E. Johnson, of Minneapolis, president of the company, has had much experience in the pasteurizing of milk business and feels confident that when the people of Brainerd realize the importance of pasteurized milk for use, they will become customers.

The plant is divided into three sections, the office department, the pasteurizing plant itself which also includes cold storage room, and the bottle washing room.

The plant will employ six men, and the street delivery will require two trucks and one wagon.

Besides being president of the company here, Mr. Johnson is also president of The Johnson Pure Milk Co., Inc., of Minneapolis.

The officers of the Brainerd Pure Milk Co., Inc., are as follows: J. E. Johnson, A. J. Johnson, John A. Haug, Minneapolis; O. H. Scott, and Maurice McMoine, of Brainerd.

After opening day visitors will be cordially invited to inspect the plant.

## MISS EVELYN BERG, AGE 22, DIED

Passed Away at Her Home 602 South 5th Street, After Illness of a Year

### HAD MANY FRIENDS

Spent Time at Deerwood Sanatorium, Vainly Seeking to Regain Health

Evelyn Clarabelle Berg, aged 22 years, one of Brainerd's well liked young folks, died yesterday at her home 602 South 5th street, after an illness of over one year, part of which she spent at Deerwood seeking medical aid.

Miss Berg was well known in Brainerd and will be remembered dearly by her many friends. She was, before her illness, employed at the Taylor Sales Service as saleslady. She is survived by her mother, Mrs. Gurma Berg, and one brother Melvyn who lives at Pontiac, Mich. Her father predeceased her.

Funeral arrangements have not been completed yet.

## DISTRICT 49 GRADUATION

Rural School Has Class of Six Receive Coveted Diplomas

### PROGRAM IS GIVEN

A. J. Sullivan Gave an Inspiring Address to the Graduates

On Saturday evening, June 5, District 49 held its graduation exercises. Alvina Racine, Dorothy Ellicson, Vernon Weber, Dolores Ellicson, Alexina Dechaime, and Wilda Glanville were the happy recipients of diplomas.

A short program was given by the children of the district which consisted mostly of songs and music by the school orchestra.

The best part of the evening's entertainment followed the regular program when A. J. Sullivan favored them with a most inspiring and interesting talk. His theme was distinctly educational and was of great inspirational value to the graduating class. He stressed the need of applying education to everyday life. The people of the district made one general complaint, his speech was all together too short.

Mr. Sullivan is assistant county attorney of Crow Wing county.

Mrs. Irma Camp Hartley, county superintendent of schools gave a most delightful talk on "The Problems of the High Grade Graduate," finishing her address by reading a clever little poem about Minnesota's beautiful lakes. She then presented the diplomas to the graduates and spoke a few inspiring words to each of them.

## PARK BOARD OPENS BIDS

For Erection of the Memorial Entrance to Lum Park

J. E. JACKSON GETS CONTRACT

To be Completed in Readiness for Achievement Day on July 16

At a meeting of the park board in the city hall last evening, bids were opened for the erection of the Memorial entrance to Lum Park. Contractor J. E. Jackson, being the lowest bidder was awarded the contract. Work will begin at once and will be completed and in readiness for the achievement day exercises which are to be held at the park on July 16.

The contract for the Memorial stone was awarded to the Brainerd monument works and Mr. Porwoll left this morning for St. Cloud to select the stone.

The grading for and the preparation of the ground at the entrance will be completed today.

This entrance is the Memorial entrance which was recently given to the city of Brainerd by Dr. Lum of Duluth in memory of his brother Leon E. Lum. It is being erected under the direction of the park board and is from plans prepared by Wm. Chalmers Agnew, the well known Duluth architect.

## COUNCIL ACTS ON CITY PAYROLL

Martin Anderson, Chairman of Finance Committee, Balked

### ACCOUNT GRAFF MATTER

Council O. K.'s Payroll When Alderman Anderson Refuses to Do So

On the refusal of Alderman Martin Anderson, chairman of the finance committee to sign the city payroll at the city council meeting Monday night, because of Erick Graff's name on the payroll, the council went over his head and passed the payroll as O. K.

From June 1 to September 12, the city clerk's office will be closed Saturday afternoons, it was decided by the council.

The State Highway Department made the request to rent the city thaw rig to spread tarvia. The matter was left to the city engineer with power to act.

Announcement was made that the State Highway Department planned to install an arterial stop sign at 13th street and Oak street and requested that police service be allowed on that corner. The council passed a resolution that if the sign was placed, the corner would be reasonably policed.

The matter of putting in a ventilator in the new city warehouse so that the thaw rig could be started indoors in cold weather was referred to the property committee and city engineer with power to act. The cost of the work will be about \$20.

The matter of the filling of the boulevards on Kingwood and Bluff streets with black dirt was left on the table.

A progress estimate was made on the city warehouse. The amount of the contract is \$5,934.20. Work done to date and material delivered amounted to \$4,153.94. Previously allowed on estimate No. 1, \$371.88 and the amount paid by the Water and Light board was \$1,500, the total amounting to \$1,871.88. The gross balance on estimate No. 2 is \$2,282.06 and less 15 per cent, \$342.30 which is held back till completion of the work. The net balance on estimate No. 2 is \$1,939.76. The balance to be done on the contract amounts to \$1,730.26. On motion 50 per cent of this was allowed, the amount being \$865.13.

### TWIN CITIES FEATURE IT

Then Gains Further Publication in Leading Cities of United States

An illustration of how news travels in the present newspaper era is shown by the news feature here on the gypsy tribe, whose King, Miller Bimbo, is sick at the St. Joseph's hospital.

The story was written by The Dispatch, featured in the Twin City papers and sent out from there to the leading newspapers in the United States.

It aided the gypsies themselves in that as a result of the widespread news it received they received notice from many tribesmen who are scattered throughout the country. A stream of telegrams requesting the condition of their king have been received by the gypsies here. Telegrams were received from states on the eastern and western coasts and one from St. Joe, Missouri.

## SOUTH SIDE MIDNIGHT FIRE

### FIRE DEPARTMENT EFFICIENT

Two Tenant Families in Building Owned by August Holmblad Carried Little Insurance

Fire of unknown origin broke out at midnight yesterday at 813 Quince street, owned by August Holmblad, doing considerable damage to the roof and contents.

The fire is believed to have started in a clothes closet. Neither of the tenants on the first or second floor were home at the time. James Fry, tenant on the first floor is out of the city and Fred Jordan lived upstairs. Little insurance was carried by Mr. Fry while Mr. Jordan had no insurance. The house itself is insured by Mr. Holmblad for \$2,000.

The fire department were able to prevent the flames from sweeping the dwelling place.

### LAND OF SKY BLUE WATERS

Writer Much Impressed With Accomplishments in Flower Growing

Mrs. M. C. Carmichael, secretary of the Crow Wing County Garden and Flower association has received the following communication from an admirer of the beauties of northern Minnesota, especially the lakes and the flowers grown in the community.

The writer who states that he has spent the summers of the past 25 years in the land of the "sky blue waters" and the forest regions of northern Minnesota, and that he has been much impressed with what has been accomplished in flower growing in the Brainerd vicinity, makes the following remarks:

"I have had many opportunities of visiting Flower Shows in different parts of the country, not only National Shows but State and local exhibits and I can say in all sincerity that the Flower Shows which have been held in Brainerd the past two years measure up in beauty and in quality of flowers exhibited with anything I have seen.

"My observation and experience convince me that northern Minnesota possesses marked advantages for flower growers. Climatic conditions are most favorable. Nearly all oases thrive best in a cool, moist atmosphere. Many sections of our country have the excessive humidity to contend with and the hot days with no air currents which are so detrimental to producing good flowers. Many varieties of flowers cannot be grown at all under the above named climatic conditions. In this section the soil conditions average good, the normal rain fall is usually sufficient. The large number of lakes in this region create an atmosphere filled with a moisture content that is extremely valuable for all flowers.

"I am convinced that there must be a community interest in your city. The activities of your County Garden Flower Society indicate that here is a unity of effort and splendid co-operation in putting on your successful flower exhibits.

"In my opinion no small part of

the impressiveness of your shows has been due to the setting given the flower displays. This green and woodsey setting which has been provided has much to do in bringing out the brilliancy and the beauty of the flowers on exhibition. Let me commend again this effort to place a lovely background which aids in creating the artistic spirit and your visitors carry with them beautiful pictures of the flowers on display.

"Garden Flower Societies are springing up in many sections of our country. Some may be short lived but others will thrive and thus bring added beauty to this land of ours. The successful demonstrations of your Garden Flower Society should be an incentive to carry on this work, so well started. It is hoped by one who has derived much pleasure from your past shows that your society may flourish and that these annual shows may be continued.

"The major part of flower growing is done in cities and towns. Every beauty lover wishes this practice and enthusiasm to be encouraged as far as the rural sections are concerned. It is in the country that flowers may be grown with fewer handicaps than in the towns and cities. The country home grounds are not cramped for lack of room; air can always circulate freely, the country residents need the beauty and inspiration of flower growing in the same measure as the city residents."

Today's Chrysler "70"—changed in no way except new lower prices which save you \$50 to \$200—is more than ever the car of public preference.

Long lived; characteristic Chrysler beauty; compact to meet today's traffic needs; roomy for comfort and luxury; easiest to handle on any road; flashing pick-up; 70 miles an hour plus; safe—little wonder that none of its more than hundred thousand of owners who

have driven their cars thousands upon thousands of miles, will ever willingly go back to the less modern type of cars.

And now with its savings of \$50 to \$200, Chrysler "70"—the identical car in every single respect that has won such universal enthusiastic admiration—is beyond all doubt the best motor car investment in its class.

We are eager to demonstrate its outstanding superiorities.
